VoxStar UC

Be heard clearly, however you communicate.

The VXI VoxStar UC is the wireless Bluetooth® headset that delivers clearer conversations and better PC app performance. It connects to both your headset and your PC.

VXI headsets.

Put one on.

Get more done.

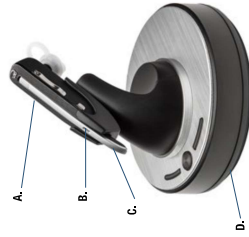

Reveal Pro Office

It works wherever you do.

You're on the move. In the office, in your car, and in between. And you need to be connected, seamlessly, wherever you are. So you need a headset, one headset, that can go with you and give you the simple, uninterrupted clarity and connectivity today's work demands. The VXI Reveal Pro Office is that solution.

- A. Multifunction button (MFB)** for call answer/end and pairing.
- B. Advanced noise-canceling microphone system** with Xtreme Noise Suppression™.
- C. Extendable boom** for optimal mic placement.
- D. Optional electronic hook switch** installs discreetly under the base unit.

V-Series Office Wireless Headset Systems

Wireless options that fit your workstyle.

VXI's V-Series Office Wireless Headset Systems cover the entire office connectivity spectrum. The V175 is a single-connectivity wireless headset that works with your office desk phone. With the V200, you can take calls on your desk phone and PC. While the V300 lets you connect to your desk phone, PC and smartphone—at the best value ever for a tri-connectivity wireless headset.

- A. One-touch headset controls** (volume, mute, answer/end).
- B. Advanced noise-canceling microphone** blocks background noise.
- C. Optional electronic hook switch** installs discreetly under the base unit.

UC ProSet LUX

More productive calls. Fewer interruptions.

Designed specifically for Unified Communications, the plug-and-play UC ProSet LUX gives you excellent sound quality—and the industry's best noise cancelling—across devices and media types. And the UC ProSet LUX is the only headset with an LED presence indicator built into the microphone boom. It visually notifies others if you're available, on a call or not to be disturbed.

CC Pro

Impressive performance. Incredible value.

Everything about the VXI CC Pro headset tells you it's a step up. Vastly superior noise cancelling cuts nearly 90% of background noise, to ensure you are heard clearly. Wideband audio makes it easy to understand every word. And genuine lightweight comfort makes CC Pro easy to wear, all day. In fact, about the only thing that's not a step up is the price. With CC Pro, you get the best of everything—including value.

ConnexT

Let one headset do the work of two.

Expand your headset's usefulness with the VXI ConnexT. ConnexT easily switches between PC (telephone, Skype, etc.) and desk phone calls and works with all corded headsets.

VXI headsets have industry-leading noise canceling (certified by independent, third-party testing) with high sound intelligibility.
